- GTIN: 1 87 12581 47537 3
- Number of consumer packages: 2
- Gross weight: 2.3 kg
- Outer carton (L x W x H): 23.4 x 19 x 19.8 cm
- Net weight: 1.4 kg
- Tare weight: 0.9 kg

Highlights

4:3 perfect frame ratio
Philips digital PhotoFrame ensures your photo is displayed in 4:3 ratio for the best viewing experience.

Automatic slideshow
Automatic slideshows start from any USB drive or memory card for all those times you don't want to spend time copying photos to your PhotoFrame.

Customise with snap-on frames
Two beautifully designed and cheerful frame accessories are included. Pink for girls and blue for boys — sweet dreams guaranteed. Simply snap on.

Eco-friendly Photoframe
Philips PhotoFrames are designed and produced according to our EcoDesign principles aimed at minimising overall environmental impact through lower power consumption, removal of hazardous substances, lower weight, more efficient packaging and better recyclability.

imagen Pro
The unique Philips imagen enhancement technology automatically analyses your photos to correct colour and adjust for optimal contrast. imagen Pro is a more advanced image enhancement which includes the 3 essential elements from imagen to have more colour accuracy, colour depth and smart contrast. On top of these, imagen Pro offers enhanced skin colour, sharper images and flicker-free photo viewing which is very important for still pictures.

RadiantColor
RadiantColor is an exclusive Philips technology for displaying smaller photos in the optimal 4:3 ratio by extending the colour on the edges of a less-than-full-screen photo to the sides of the screen, eliminating black bars and aspect ratio distortion.

SmartPower
A timer turns PhotoFrame on and off at the times you choose, reducing energy consumption for the sake of our environment and saving up to one third of your PhotoFrame energy costs.
